

# Feature

## Presentation

- Goals / Objectives

## Traceability

- Requirements
- Technical documentation

## User-interface

- GUI prototype
- User interactions

## Functional

- Use-case diagram
- Mock-up
- Interaction with others features
- Error management

## Technical

- Evolutivity / Genericity
- Limitations

## Design

- Class diagram
  - Role of classes
  - Use of design-patterns
- Sequence diagram
- Dependencies diagram

## Processing

- Algorithms
- List of cases to implement

## Data

- Data formats
- Data size (min / average / max)

## Constraints

- 

## Performance

- Execution time
- Memory consumption
- ...

## Configuration

- Settings
- Configuration providers (file, database, ...)

## Testing

- Manual tests
- Automatic tests
  - Types
    - \* Unit tests
    - \* Functional tests
    - \* Integration tests
  - Coverage
    - \* Percentage expected
